**World-class service and
repair for mobile, heavy-duty
vehicles and machinery**

Extensive service, repair and overhaul capabilities to both fleet and individual operators

FOR OVER 45 YEARS, MIT HAS OFFERED COMPREHENSIVE REPAIR, SERVICE AND OVERHAUL SERVICES TO EXTEND THE LIFE OF YOUR EARTHMOVING AND GSE OFF-HIGHWAY EQUIPMENT AND MACHINERY. WE KEEP YOUR BUSINESS DOWNTIME TO A MINIMUM.

Our market longevity and partnerships mean we have built long-standing relationships with the most influential drivetrain product manufacturers, such as Twin Disc, Transfluid, Reich, ZF, Dana Brevini and Danfoss Drives. We offer factory-trained engineers using genuine OEM parts!

WHAT WE OFFER

- 24/7 emergency response
- Genuine OEM spares
- Driveline component part sales
- Overhauls and repairs
- Factory accredited and highly skilled engineers
- Two full sized 8x8 vehicle bays and large overhead gantry
- Service contracts and fleet management
- On-site service capability both nationally and internationally!

WE ARE APPROVED INDEPENDENT IN-SERVICE PROVIDERS, MEANING WE CAN OFFER OEM FACTORY TRAINED STAFF AND SERVICE AT COMPETITIVE PRICING!

"We have been working with Michael and the rest of the MIT Team for over seven years now, entrusting them to fulfil our service and repair needs on our fleet of two SIDES S3X and Carmichael Cobra ARFF vehicles.

With safety at the heart of our business, we needed a supplier to keep our vehicles operational and on our runways. MIT's impeccable response times and 24/7 support mean we suffer minimal downtime, and any repairs are carried out with genuine OEM parts and with no delay.

We are delighted with the services MIT have supplied to us over the years, ranging from annual servicing and maintenance extending into total water pump replacements and vehicle livery redesigns."

Thomas De Carteret
Fire Service Manager,
Guernsey Ports, States of Guernsey

24/7 GLOBAL SUPPORT

We keep your downtime to a minimum! Whatever your situation, our specialists can get your vehicles and machinery back up and running so you are able to operate at full capacity. From preventative maintenance to on-site emergency support, our engineers are all equipped with tooling and spare parts that enable them to repair your vehicles wherever your location.

Marine & Industrial Transmissions Ltd is part of Axel Johnson International, a global industrial group that acquires and develops companies in strategically selected niche markets, primarily technical components and industrial process solutions.

The group is an active and long-term owner whose mission is to drive business development and growth. It builds and develops groups of companies with shared strategic objectives, stimulating joint initiatives and knowledge sharing. Axel Johnson International has six business groups: Driveline Solutions, Fluid Handling Solutions, Industrial Automation, Lifting Solutions, Power Transmission Solutions and Transport Solutions. Axel Johnson International has an entrepreneurial culture where decentralised and committed leadership enables quick decisions. The group has four focus areas: digitalisation, service, sustainability and people development.

Axel Johnson International is headquartered in Stockholm, Sweden. The group comprises 170 companies in 30 countries. Axel Johnson International is part of the Swedish family-owned corporate group Axel Johnson.
